

General rules of esports

STEM Games 2024

Rulebook

The esports competition is held in a mixed competition from four video games: League of Legends, Counter-Strike 2, FC 24 and Rocket League.

Students and persons who graduated in the academic year 2022/2023 have the right to perform.

The matches are played according to the schedule.

The manager of each game team is obliged to submit the list of participants, together with certificates (of student status or a copy of the diploma) of the higher education institution competing in the individual game, in person or by email to the manager of the competition by 03.05.2024. at 23:59 h.

In case of non-appearance, the team will be awarded a defeat. In the event that the same team does not show up for its match twice, it is automatically disqualified from the SG24 Esports competition.

All objections must be submitted in writing to the competition manager. If the applicant wants to file an appeal against the competition, he submits it to the head of the SG24 organization, who creates a meeting of the STEM Games Supervisory Board, which makes the final decision.

Sports leaders reserve the right to change propositions in emergency situations.
